Providing Your Engineering Needs  
At Any Adversity

Your Trusted & Preferred Engineering Partner

**YOU CHOOSE US, WE DELIVER**

[www.duprexoffshore.com](http://www.duprexoffshore.com)

**Duprex Offshore**, a Singapore based supply specialist for quality engineering products at competitive prices for the oil and gas, marine, utilities & processing industries.

Our comprehensive electrical & instrumentation products range from cables, cable trays & ladders, EX enclosures, lightings, accessories & consumables, which will complement any project requirement. Our products are made to withstand adverse environment and applications, be it offshore, marine, drilling, exploration, petrochemical, power plants, processing plants, mining, ports, military and renewable energy.

With established resources and partnerships with major manufacturers applying cutting edge technology, we are confident to provide a holistic supply to EPCs, fabrication yards and end-users on any requirement basis.

A total solution provider is essential for your engineering needs and we are committed to deliver the products to suit any harsh, hazardous or normal conditions.

Our team possesses vast experience in the engineering supply sector and you can rest assured that professional quality service and timely delivery are paramount commitment we uphold strictly. We are constantly improving ourselves to serve you better, bringing value and strong support to your business. When it comes to your engineering needs, think **Duprex Offshore** – Your trusted partner in getting and delivering the right products. **You Choose Us, We Deliver!**

## ELECTRICAL CABLES

NEK 606 Standards Offshore Cables suitable for FPSO, FSO, Jack Up, Semi-Submersible and most offshore platforms.

IEEE 1580 Type P for Drilling Applications.

IEC 60092-350 Standard Marine Cables suitable for AHT, Tankers, Cruise Ships, Tug Boats, OSV, PSV, Commercial Carriers and other Marine Propulsion Vessels.

IEC 60502 & BS EN 50288-7 Standards Power, Control and Instrumentation Cables suitable for Petrochemical Plants and other hazardous conditions.

Subsea/ Submarine Cables for Undersea/ Underwater Power Distribution and Transmission.

Telecommunication Cables for data and network distribution.

**Durable Construction** | **Resilience and Safety** | **Versatile Applications**

## CABLE MANAGEMENT & SUPPORT SYSTEM

- Straight Ladder
- Flat Bar Ladder
- Perforated
- HDG Trays
- Stainless Steel Trays
- FRP Trays
- Fittings
- Accessories

## LIGHTINGS

- Explosion proof / Hazardous Area
- Marine Weatherproof Lightings
- Navigation Lights
- Signal Lights
- Search Lights
- Metal Halide Lamp
- High Pressure Sodium Lamp
- Heli-Deck Lamp
- Fluorescent Fixture
- Incandescent Lamp
- Working Lamp
- Flood Lights
- LED Lightings

## ELECTRICAL ACCESSORIES & CONSUMABLES

- Enclosures
- Junction Boxes
- Ex Proof Equipments
- MCT Multi Cable Transit
- Cable Glands
- Plugs & Receptacles
- Switches
- Circuit Breakers
- Control Panels
- Signaling Devices

## Head Office

### DUPREX OFFSHORE PTE LTD

Blk 5039 Ang Mo Kio Ind. Park 2

#01-465, Singapore 569545
